

W.B. Browning Elementary PTA Special Deliveries for Jessica Baker & the Baker Family

Browning Families, Students, & Staff: Please feel free to deposit any
Well Wishes, Holiday Cards, Notes of Support, Etc.

for "speedy delivery" to Jessica & the Baker family in the large gift wrapped box outside of the Browning Office.

Jessica Baker is a delightful 6th Grade student at Browning Elementary. A talented & energetic soccer player, Jessica's family (Mom Terri, Dad Jeff, & brothers John, Ryan, and Jacob) became concerned when she wasn't quite herself becoming weak & lethargic early this summer. After numerous doctor visits & declining health, Jessica was diagnosed on June 20, 2009 with T-cell Lymphoblastic Lymphoma Stage III. For more information on Jessica's diagnosis & updates on how she is doing, please visit <http://www.caringbridge.org/visit/jessicabaker10>

As you can imagine, Jessica & her family's world was and continues to be turned upside down. They have experienced a lot in a short period of time. They are deeply appreciative of the outpouring of support they have received from family, friends, neighbors, the Browning community, the soccer community, and all the wonderful people whom they did not even know before Jessica's illness. Anything you can do to help brighten the lives of Jessica & her family would be greatly appreciated!

Best Regards,
Michelle Pugh, Browning PTA President
